

## ● StainFrame Staining System

*The Quickest, Safest and Most Economical Solution to Staining Multiple Specimen Slides*

*StainFrame is an easy to use, multifunctional , lightweight tool for all slide staining procedures. The StainFrame is designed to stain up to 14 slides at once. It allows slides to be transported, stained, rinsed, and decolorized as one unit efficiently and safely.*

- **EASY TO USE** - Up to 14 slides simply lock into place
- **SAVES TIME** - Save 5-6 minutes per procedure
- **SAVES MONEY** - Uses less stains and reagents
- **IMPROVES QUALITY** - Yields more consistent results
- **REDUCES RISK** - Slides safely handled without breakage
