

Azer Scientific's Tissue Marking Dye is the ideal choice for marking margins, processing multiple sections, and marking areas of interest on your tissue sample.

Available individually in 2 and 8 oz. bottles, or as a complete set with 2 oz. bottles, stand, and applicator sticks.

Black, blue, green, orange, red, violet, and yellow dyes are available.

***Kit contents include: one (1) 2 oz. bottle of each color, applicator sticks, and plastic base.**

Item	Description	Quantity
ESTMD-K	Tissue Marking Dye Kit	Each
