

# Glucose Tolerance Testing

Our glucose tolerance beverages are manufactured according to WHO and ADA standards in an FDA registered facility. This ensures the highest quality product on the market. Glucose concentration of every batch is verified by a GMP certified laboratory.

Each drink is non-carbonated, packaged in a shatter-proof plastic bottle, and has an easy-to-read volume indicator on the label.

## Flavored Glucose Drinks

- Available in orange, fruit punch, and lemon lime
- Lemon lime flavored drinks are dye-free
- Available in 50, 75, and 100 gram concentrations
